## ABOUT RKMVERI

RKMVERI received NAAC accreditation with A++ grade, scoring 3.66/4 CGPA, declared on 28 March 2019.

RKMVERI was declared a deemed-to-be university by MHRD, Government of India, through a gazette notification on 5 January 2005.

Swami Vivekananda believed education should be transformative, focusing on character-building rather than mere information. He envisioned a system combining India's spiritual wisdom with Western scientific knowledge. Through the Ramakrishna Math, he promoted this vision and inspired initiatives like the Indian Institute of Science. The Ramakrishna Mission Vivekananda Educational and Research Institute (RKMVERI) was established to realize his ideals by offering value-based, holistic education that integrates moral strength, spiritual insight, and scientific excellence for individual and societal growth.

## MISSION & VISION

**Vision:** To be a premier centre of learning that blends natural and humanistic sciences, harmonizing ancient Indian wisdom with modern scientific and technological excellence, and imparting life-building, character-making education to youth for their personal growth and the greater good, as envisioned by Swami Vivekananda.

### Mission:

- **Pursuit of Excellence** To strive for excellence in teaching, research and all academic endeavors
- **Blending of Eastern and Western values** To integrate Indian values like Shraddha, truth, and selflessness with modern ideals like scientific temper and integrity, nurturing youth with harmonious development of heart, head, and hand through yoga.
- **Social responsibility** To train and educate the youth to become socially responsible citizens to collectively rebuild a rejuvenated, glorious India by first of all building an impeccable, lofty character at the individual level.

## MESSAGE FROM **VICE CHANCELLOR'S** DESK

Arise , awake and stop not till the goal is reached.  
- Swami Vivekananda

RKMVERI follows in the footsteps of Swami Vivekananda to realize the vision of **“Man-making, character-building education.”**

RKMVERI follows in the footsteps of Swami Vivekananda to realize the vision of “Man-making, character-building education.” As a deemed university under the philanthropic and charitable Ramakrishna Math and Mission organization, it upholds a proud tradition of nurturing researchers, teachers, and professionals who embody personal integrity, perseverance, and team spirit, while consistently striving for excellence and perfection.

The Computer Science and Data Science streams remain at the forefront of modern educational trends, placing strong emphasis on building a solid technical foundation.

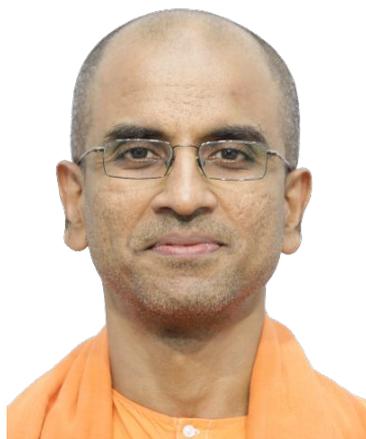

I extend my best wishes to our students, wherever they may be, and hope they become leaders, pioneers, and entrepreneurs – or efficient, empathetic, and loyal coworkers – who uphold and exemplify the highest humanitarian values.

## MESSAGE FROM **HEAD'S** DESK

Take up one idea. Make that one idea your life – think of it, dream of it, live on that idea. Let the brain, muscles, nerves, every part of your body be full of that idea, and just leave every other idea alone.  
This is the way to success.  
- Swami Vivekananda

This profound statement from Swami Vivekananda encapsulates the spirit of focus and dedication that drives our department. We believe that in-depth expertise and unwavering commitment are essential for achieving outstanding results in both academia and industry.

We nurture a learning environment that promotes creativity, critical thinking, and a lifelong quest for knowledge. Our curriculum is carefully crafted to equip students with the skills and insights needed to address real-world challenges and engineer innovative solutions.

By fostering a culture of deep learning and focused research, we empower our students to emerge as experts in their domain and make meaningful contributions to the fields of Computer and Data Science. Let us move forward together, pursuing excellence with steadfast determination.

# FACULTY LIST

## Swami Sarvottamananda

Professor & Vice Chancellor, RKMVERI  
PhD (1995): IIT, Kanpur, India

### Research Area

Computational Geometry, Design of Algorithms,  
Combinatorial Optimization, Complexity Theory,  
Center-points, Intersection Radii.

## Swami Punyeshwarananda

Assistant Professor & HOD  
PhD (2012): University of Queensland,  
Australia

### Research Area

Machine learning, Computer Vision, Natural Language  
Processing, Embedded Systems

## Dr. Subir Kumar Ghosh

Professor (Ramanujam Professor, NBHM)  
PhD (1987): TIFR, Mumbai, India

### Research Area

Computational Geometry and Applications, Robot  
Motion Planning, Geometric Graph Theory and  
Applications, Discrete Mathematics

## Swami Shastravidyananda

Assistant Professor & COE  
Master of Engineering (2003): Jadavpur  
University, West Bengal, India

### Research Area

Algorithm Design and Analysis

## Br. Tamal

Assistant Professor  
PhD (2016): University at Buffalo, Buffalo,  
NY, USA

### Research Area

Artificial Intelligence, Machine Learning, Decision  
Theory, Database Systems, Networking, Computer  
Security

## Dr. Joydeep Mukherjee

Assistant Professor  
PhD: Institute of Mathematical Sciences,  
Chennai, India

### Research Area

Graph Theory, String Graphs, Computational Geometry

## Dr. Soumitra Samanta

Assistant Professor  
PhD (2016): Indian Statistical Institute,  
Kolkata, India

### Research Area

Data Science, Machine Learning, Computer Vision and  
Chem-informatics

## Dr. Sudipta Das

Assistant Professor  
PhD: Indian Institute of Science, Bangalore,  
India

### Research Area

Reliability, Stochastic Processes, Data Analytics, Real  
Time Systems

## Champak Kumar Dutta

Teaching And Research  
Assistant  
M.Tech. CS: Indian Statistical Institute,  
Kolkata, India

# GUEST FACULTY

**Dr. Sudeep Mallick**

Guest Faculty at RKMVERI  
PhD (2000) Indian Institute of Technology  
(Banaras Hindu University), Varanasi

**Research Area**

Big Data Computing, Software  
Engineering and Operations Research

**Dr. Manoranjan Pal**

Guest Faculty at RKMVERI, Retired  
Professor, ISI Kolkata  
PhD (1983) Indian Statistical Institute

**Research Area**

Errors in Variables, Statistics, Econometrics

**Dr. Gopal Krishna Basak**

Guest Faculty at RKMVERI, Assistant  
Professor & Dean of Studies, ISI Kolkata  
PhD Indiana University 1989

**Research Area**

Singular and switching Diffusions, Diffusion  
approximation and Limit Theorems, Stochastic control  
and games, Dynamic models

**Dr. Raju Maiti**

Guest Faculty at RKMVERI, Assistant  
Professor, Economic Research Unit, ISI  
Kolkata

Ph.D. in Statistics from the Indian  
Statistical Institute (ISI) Kolkata (2015)

**Research Area**

Discrete-valued time series analysis, Coherent  
forecasting, Econometrics, Zero-inflated discrete  
distributions, Missing data analysis (Multi-ple  
imputation)

# COURSEWORK - **BIG DATA ANALYTICS**

## SEMESTER

# 01

- Statistics
- Probability & Stochastic Process
- Linear Algebra & Matrix Computation / NPTEL Electives
- Data Structures and Algorithms
- Machine Learning
- Java and Hadoop
- Universal Human Values

- Advance Statistics
- Deep Learning and NLP
- Time Series and Survival Analysis
- Topics in Graph Algorithms / Distributed Computing and Graph Databases
- Computer Vision / Applied Statistics /Applied Machine Learning
- Communicative English
- Indian Knowledge System

## SEMESTER

# 02

## SEMESTER

# 03

- Database Management System
- Reinforcement Learning
- Econometrics & Finance
- Multivariate Statistics
- Mining of Massive Dataset / Deep Learning for Cybersecurity
- Term Project

- Graph Machine Learning
- Thesis
- Research/Industrial Internship
- NPTEL course

## SEMESTER

# 04

# COURSEWORK - COMPUTER SCIENCE

## SEMESTER

# 01

- Design and Analysis of Algorithms
- Theory of Computation
- Statistics
- Linear Algebra & Matrix Computation
- Probability and Stochastic Process
- Machine Learning
- Universal Human Values

- Topics in Spectral Graph Theory
- Computational Complexity
- Advanced Algorithms
- Blockchain, LLM, IoT
- Computer Vision / Deep Learning
- Communicative English
- Indian Knowledge System

## SEMESTER

# 02

## SEMESTER

# 03

- Deep Learning for Cybersecurity
- Reinforcement Learning / Database Management Systems
- Mining of Massive Dataset
- Randomized and Approximation Algorithms
- Computational Geometry
- Term Project

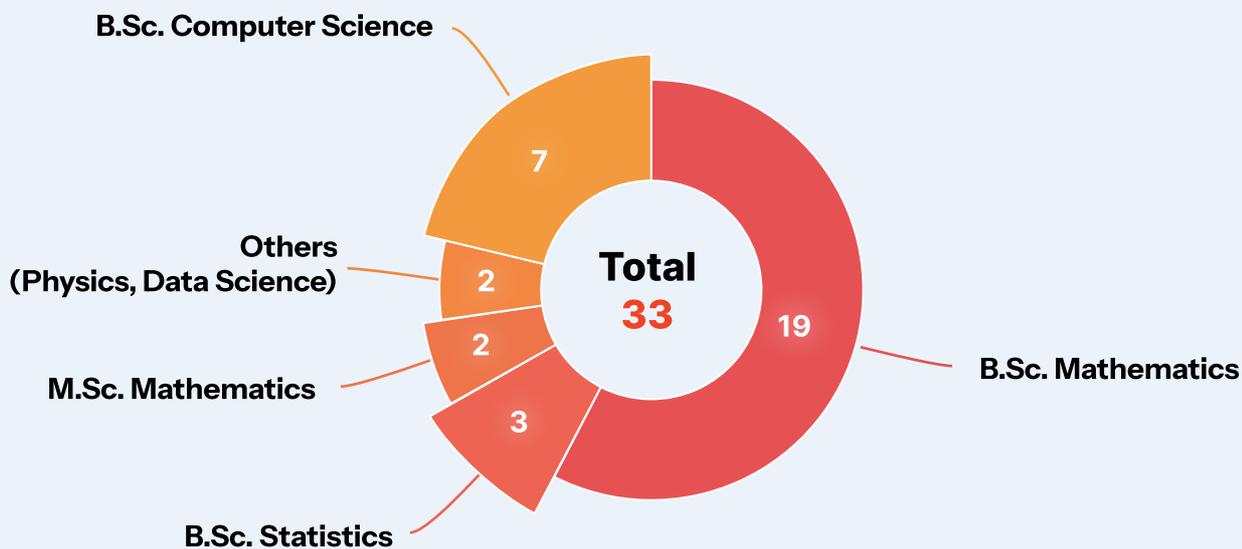

- Graph Machine Learning
- Thesis
- Research/Industrial Internship
- NPTEL course

LangChain

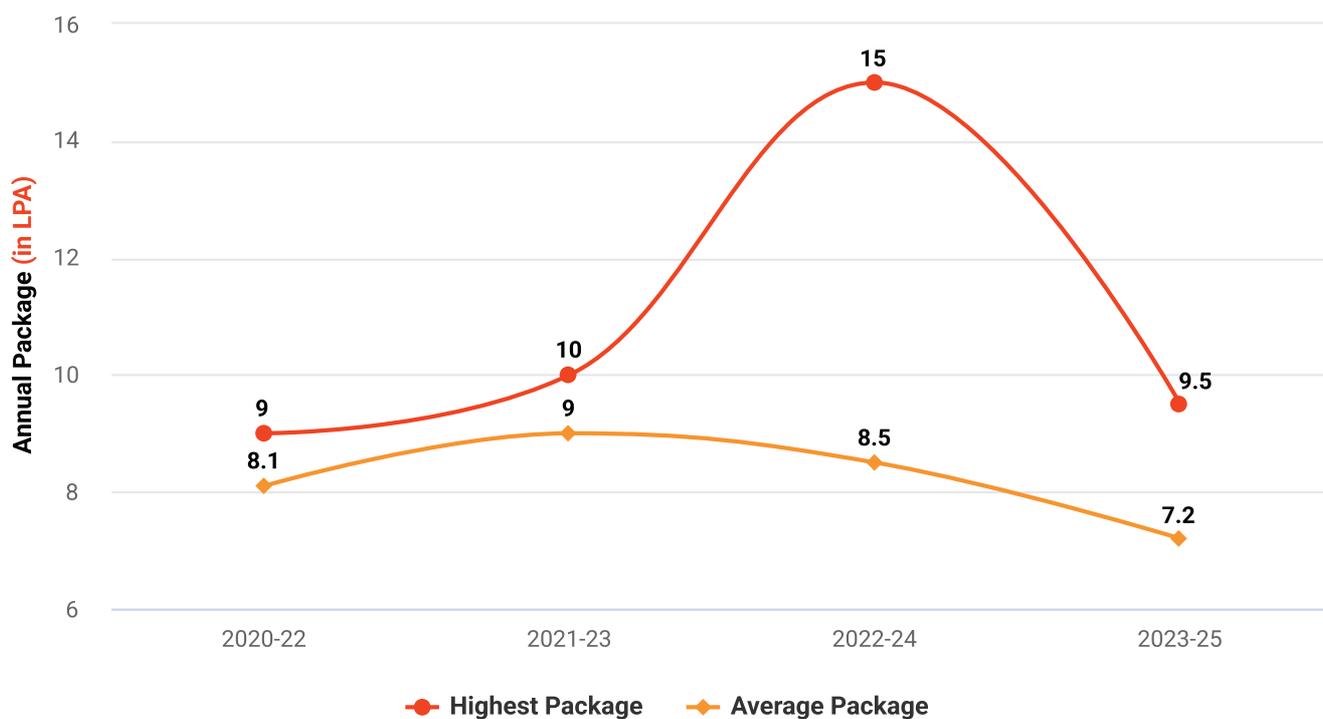

# PLACEMENT STATISTICS

## Batch Statistics

## Package Statistics

# PLACEMENT STATISTICS cont.

## Industrial Internship Status of Batch 2023-2025

The **current batch (2023-2025)** is presently engaged in their final semester internships. Placement activities are yet to be concluded. The stipends for the ongoing internships stands at:

**Average Stipend**

**₹20,000**

**Median Stipend**

**₹25,000**

They were **offered profiles** like:

- **Data Engineer**
- **Data Analyst**
- **ML Engineer**
- **Risk Analyst**
- **Associate Consultant**
- **Data Scientists**
- **Software Engineer**
- **Business Analyst**
- **Backend Engineer**

Their **areas of expertise** include:

- **Econometrics Modelling**
- **Time Series Forecasting**
- **Web Development**
- **NLP**
- **Data Analysis**
- **Prompt Engineering**
- **AI/ML Engineering**
- **Computer Vision**
- **Finance and Control**
- **Data Mining**

## Summer Internship Status of Batch 2024-2026

The students of **current batch (2024-26)** has secured summer internship opportunities in:

भारतीय प्रौद्योगिकी संस्थान खड़गपुर  
INDIAN INSTITUTE OF TECHNOLOGY KHARAGPUR

Indian Association for the Cultivation of Science  
(Deemed to be University under *de novo* category under Section 3 of the University Grants Commission (UGC) Act, 1956; vide Gazette Notification No. F.9-7/2017-U.3 (A) of the Central Government)

भारतीय प्रौद्योगिकी संस्थान पटना  
Indian Institute of Technology Patna

Indian Institute of Technology  
Guwahati

IEST, Shibpur  
आई आई ई एस टि, शिवपुर  
Erstwhile B E College (Estd 1856)

INTERNATIONAL INSTITUTE OF  
INFORMATION TECHNOLOGY  
HYDERABAD

INDIAN INSTITUTE OF  
TECHNOLOGY, ROPAR

GREAT  
LAKES  
GURGAON

## PAST RECRUITERS

GHAR BANEGA, TOH DESH BANEGA.

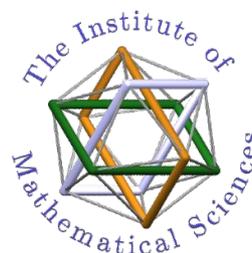

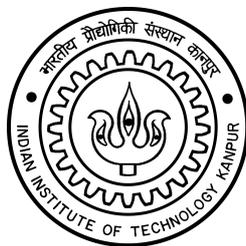

DATYCS

Nihilent  
evolving ideas

# DOCTORAL PURSUITS

## Indian Institutes

భారతీయ సాంకేతిక విజ్ఞాన సంస్థ హైదరాబాద్  
 भारतीय प्रौद्योगिकी संस्थान हैदराबाद  
 Indian Institute of Technology Hyderabad

tata institute of  
 fundamental research

**tcg crest**

Inventing Harmonious Future

INTERNATIONAL INSTITUTE OF  
 INFORMATION TECHNOLOGY

 King Abdullah University of  
 Science and Technology

# ALUMNI TESTIMONIALS

“

The M.Sc. in BDA at RKMVERI played a pivotal role in shaping my career in Data Science and AI. The rigorous coursework, hands-on projects, and constant deadlines helped me build a strong foundation in programming, data visualization, machine learning, AI, and statistical modeling. Regular assignments and assessments fostered discipline, critical thinking, and collaboration —preparing me to handle high-pressure situations and lead multiple projects with confidence in today’s dynamic tech landscape

**Sayandeb Saha**

Deputy Manager at Titan Company Limited

”

“

I still remember being the last one to join the batch. I had actually gotten into Delhi University for Applied Operations Research. But choosing to join RKMVERI turned out to be such a good decision. The MSc Big Data Analytics course at RKMVERI was the stepping stone that led me to my first role as a Data Scientist. The learning, discipline, and values I absorbed here gave me the foundation to grow both personally and professionally. The teachers were amazing – super helpful and supportive – and I genuinely learned a lot here. I’m deeply grateful to all the mentors and teachers who guided and supported me along the way.

**Falak Jabin**

Manager Data Science at Atria - Ingenious Insights

”

“

My time at RKMVERI was truly transformative. It gave me not just technical knowledge, but also a strong value system and clarity of purpose. The supportive environment, dedicated faculty, and focus on holistic learning helped shape the person and professional I am today.

**Ujjwal Chowdhury**

Data Scientist at Reverse Bank Innovation Hub

”

## ALUMNI TESTIMONIALS

“

RKMVERI has been more than just an academic institution for me—it's where my love for research and Theoretical Computer Science truly began. The emphasis on understanding ideas from the ground up shaped the way I think. I'm deeply grateful to mentors like Shreesh Mj, SwathyPrabhu Mj, Sourav Mj, Prof. Subir Ghosh, Prof. Aditya Bagchi, Sagnik da, and Joydeep da, whose guidance and encouragement meant a lot to me.

**Susobhan Bandopadhyay**

Postdoc at TIFR Mumbai

”

“

My experience at RKMVERI has been transformative, providing me with a robust foundation in machine learning, vision, and optimization. The exceptional faculty, with their diverse academic and industry backgrounds, delivered a comprehensive curriculum that significantly enhanced my understanding of these fields. Their final semester's industry/research experience proved instrumental in helping me identify and pursue my career aspirations post-Masters. RKMVERI's conducive academic environment fostered both intellectual growth and professional development, making it an ideal place for advanced studies.

**Subhrangshu Bit**

PhD at Boston University

”

“

My time at RKMVERI was transformative, two years of intense learning, innovative thinking, and growth under pressure. The extensive coursework, numerous assignments to be built from scratch, real world problem driven projects and all of these with the support of some incredible professors laid a strong foundation that continues to empower me in my role as a Quantitative Analyst, both in solving complex problems and thriving under pressure.

**Shibajee Sarkar**

Quantitative Analyst in Morningstar DBRS

”
